

AAFA Principal Member List

The following two pages contain a list of the principal members of The Alford American Family Association as of August 29, 1988. Members #60 to #75 have joined us this quarter—a big WELCOME!

This time the members are listed by their membership number. In the future, only new members will be listed, and once a year an alphabetical list will be published.

Along with the name and address of the member is the ultimate ancestor—the earliest Alford that has been identified. This ancestor's birth or death date and place is also given (year, month, date).

AAFA will soon have 100 members! As we grow, our ability to learn more about Alford's increases. Each new member adds more data to our genealogical files. Each new membership helps fund research and publishing efforts.

In addition to the Association's expansion efforts, you can conduct your own individual expansion campaign. Encourage your Alford relatives to join—their membership will help support our efforts and will increase their awareness and pride in the Alford name and history. Give an AAFA membership to your favorite Alford for Christmas. Help your family members learn about their heritage. JOIN AAFA!

When you check an index of records or books, look under the "O's". Many of us are finding that Alford's are often indexed under Olford, Ollford, and various other spellings in the "O's".
