

some names. In checking closer I discovered that Gerald Alford AAFA #231 of Houston, TX who attended our 1989 meeting in Houston, had lost his wife, Margie, in September 1991.

When we were preparing for the 1990 meeting in Raleigh, NC, I was impressed with the initiative taken by Leon and Imogene Kennedy, AAFA #379 of Conroe, TX, to get to the meeting. They got a clue about the meeting from a publication in Virginia and then called around in St. Louis until they found me. They asked for the details and said they would be there and they were. They were professional genealogists, and we were looking for great things from them. After the meeting we didn't hear anymore from them.

A few weeks ago I sent them a copy of a paper I was coordinating with several descendants of a particular Alford. Last weekend I received a call from Imogene. She advised me that Leon had died in February after our meeting in October 1990. He had not been feeling well, but the doctors could not find anything wrong with him other than the flu-like symptoms. They continued to work, flying to the Washington D.C.-Virginia area in January 1991. Leon died on February 7, 1991, and the doctors did not know the cause of death. Imogene asked for an autopsy, which disclosed that he had a rare cancer of the interior linings of his blood vessels.

We don't want to meddle into the private lives of our members, but we do care and we are family, so we would appreciate you and your close kin keeping us posted on your well-being and status. I'm sure that I have been told about others who should have been mentioned here. We'll try to keep track of all future such reports and tell you about them in the quarterly.

Membership Certificates

In talking to some of our members in Destin, I discovered that some member families have not received membership certificates. If you have not received the 8 1/2 x 11 certificate with seal and ribbons, please let us know and we will arrange to have one sent to you. ♦

Boy, did I hate missing the Saturday afternoon meeting in Destin [for some personal reasons]. The meeting was great—well organized, and the displays were great. The young man who did the presentation on photographs was excellent [Victor Alford, AAFA #225]—his display also. I think this should be presented at all of the meetings, as I'm sure there are new folks each time. [Editor's note: Since I missed this year's meeting and plan to attend next year, I agree!]

The reports given during the business meeting were very informative. Wow, did Elizabeth Hazlip [AAFA #358] do a good job with publicity. She must be suffering from the "sore finger."

At lunch: Facing the camera is Julius M. "Pooley" Alford, AAFA #13 and Mississippi State V.P. from McComb, MS. To his left is Evelyn Z. Mistich, AAFA #481 from Belle Chasse, LA. Also at the table are Evelyn's aunt and uncle, non-members Melba and Herbert Wise from Metairie, LA.
