*"Alfords" in the 1860 Missouri Census*

This census report is a product of the AAFA census team. The initial list of names to be extracted was prepared from published census indexes and, in some cases, supplemented by unindexed entries. The everyname extraction was performed using the microfilm as a source - then verified for completeness and accuracy.

The following data is not intended to reflect either the "true" facts or what descendant families believe to be the facts. It is also not guaranteed to be without error. Nevertheless, every attempt has been made to provide a complete and faithful representation of the information recorded on the original enumeration forms.

The order of the information in the two line family header: the name of the post office or enumeration district, City or Township, and county. On the 2nd line: microfilm roll number, census page number, census dwelling or house number, census family number, and the enumeration date.

The categories on each line appear in the following order: name, sex, age in years or months (two columns), color (assumed to be white unless shown otherwise), birthplace, \*MSR, property, and occupation. In the case of infants, the age is expressed in months, in which case the year column is left blank.

\* Data collected in 1860 included information on marriage, school attendance and literacy:

M = married within the year

S = attended school within the year

R = can't read or write

Birthplace is shown with the approved postal abbreviations for states in the

# AAFA ACTION #53

Summer 2001

AAFA Census Data - GA and MO 1860 Page 57

U.S. Foreign places, if applicable, were abbreviated as follows:

AU = Austria, CD = Canada, EN = England, GM = Germany, IR = Ireland, etc

The association acknowledges the efforts of Robin Sterling AAFA#0320, Lynn Shelley AAFA#0484, Margaret Windham AAFA#0031, and Gil Alford in the preparation of this report.

Secretary/Treasurer's Report)*

growth. For a few years, we were adding new members at a very healthy clip, but the last three years have been a real struggle. The thirty-two new members that joined in 2001 came from sixteen different states and one foreign country, England. It should come as no surprise that the largest number of new members hail from North Carolina since that is where the annual meeting was held in 2001. There were a total of eight new members from North Carolina.

California contributed five new members and Virginia, Georgia, Colorado, and Florida each contributed two

members. Texas, Kansas, South Carolina, Mississippi, Alabama, Tennessee, Louisiana, Missouri, Michigan, and Oregon each contributed one new member. We would really appreciate you new members telling us how you became aware of the Association and why you decided to join. That information would help us develop a plan to reach out and recruit more new members. You can reach any officer or Board Member by email (the addresses are in the front pages of the quarterly) or send a card to the post office box in Florissant, Missouri. This is your association and it behooves all of us to promote the Association and its goals. After all, word of mouth is the best form of advertising we can have.
