

“Alfords” in the 1860 Census

Submitted by Alicia Roundy Houston, AAFA #0001, Member AAFA Hall of Fame

This census report is a product of the AAFA census team. The initial list of names to be extracted was prepared from published census indexes and, in some cases, supplemented by unindexed entries. The everyname extraction was performed using the microfilm as a source — then verified for completeness and accuracy.

The following data is not intended to reflect either the “true” facts or what descendant families believe to be the facts. It is also not guaranteed to be without error. Nevertheless, every attempt has been made to provide a complete and faithful representation of the information recorded on the original enumeration forms.

The order of the information for Maryland in the two line family header: the name of the post office, City or District, County and microfilm roll number. On the 2nd line: census page number, census dwelling or house number, census family number, and the enumeration date.

The order of the information for Wisconsin in the two line family header: the name of the post office, City or Township, and County. On the 2nd line: census page number, census dwelling or house number, census family number, microfilm roll number and the enumeration date.

The categories on each line appear in the following order: name, sex, age in years or months (two columns), birthplace, *MSR, property (real estate and personal), and occupation. In the case of infants, the age is expressed in months, in which case the year column is left blank.

* Data collected in 1860 included information on marriage, school attendance and literacy:

M = married within the year

S = attended school within the year

R = can't read or write

Birthplace is shown with the approved postal abbreviations for states in the U.S. GM = Germany; HN = Hanover; NR = Not Recorded

The association acknowledges the efforts of Thomas Donnelly, William “Butch” Alford, and Peggy Alford Schuster, in the preparation of the report for Maryland.

For Wisconsin, birthplace is shown with the approved postal abbreviations for states in the U.S. For foreign countries: BD = Baden, CD = Canada, EN = England, GM = Germany, HN = Hanover, IR = Ireland, PR = Prussia, RU = Russia, ST = Scotland, SX = Saxony, SZ = Switzerland, WL = Wales, WG = Wuerttemberg, NR = Not Recorded

The association acknowledges the efforts of Thomas Donnelly, Gilbert K. Alford, and Peggy Alford Schuster, in the preparation of the report for Wisconsin.
