

Mississippi "Alford" Federal Land Records

Submitted by Gil Alford, AAFA #0019, Member AAFA Hall of Fame

Based on the U.S. Bureau of Land on line data with some AAFA notes to explain or identify.

See the accompanying article about Mississippi Land Records.

The AAFA notes will be shown when the subjects name appears the first time, but not in additional records immediately following. In some cases there are cross reference notes.

It is not our purpose to tell you all we know about the subject in these notes. We do want to identify them sufficiently for you to know who the subject is. For a more complete discussion of the subject 'Alford' you need to see his genealogy, or in some cases family group records on the website <www.alfordassociation.org>.

In some cases two different names were included on the land certificate. Both names will appear below in order thus there is some 'duplication' of information. There are exceptions.

The second entry on the top line, after the name, is not from the land records. It is an AAFA family branch identification- enclosed in curly brackets { }.

On the top (numbered) line of each paragraph you will see either "Cash Sale" or "Homestead" (there is one that says "Warrant"). AAFA is making some effort to acquire the "Land-Entry Case Files" for the homesteads from the National Archives. There are 34 homestead cases. At a cost of \$17.75 per case there will be some limitation.

1 - Albert Alfred { } Homestead 100.00 ACRES 1901/03/23

LAND OFFICE: Jackson - MERIDIAN: Washington ACCESS NR: MS2650_.271 DOCUMENT NR: 15277

Albert Alfred (all) SEC: 24 TWP: 4 N RANGE: 13 E Marion Co.

AAFA NOTE:

The patent specified that he had ALL of section 24, but it also showed he received 100 acres which is less than a normal section. It did not specify "fractional section." We will be ordering the land-entry case file and maybe it will have some explanation.

2 - Benjamin Alford { BEN809NC/JAM687VA } Cash Sale 40.07 ACRES 1841/06/25

LAND OFFICE: Jackson - MERIDIAN: Choctaw ACCESS NR: MS2110_.113 DOCUMENT NR: 28956

Benjamin Alford SESE SEC: 5 TWP: 1 N RANGE: 2 W Copiah Co.

AAFA NOTE:

Probably Benjamin Lee Alford (1809 NC) whose son Benjamin Ancel Alford (1852 SC-1930 MS) lived and died in Copiah Co. There is no evidence either way regarding Ben Sr's. ever being in Copiah Co. However, the certificate did say "Benjamin Alford of Copiah County."

Hughie NWSW SEC: 25 TWP: 1 N RANGE: 9 E Walthall Co.
Hughie SENE SEC: 26 TWP: 1 N RANGE: 9 E Pike Co.

AAFA NOTE:

We cannot be sure just who "Hughie" Alford was. It was a fairly common name with the Alfords of that area, but not of this period. There was Hughey Alford, son of Gordon & Delloah Alford, a black family enumerated in Pike Co. in 1880, but he was only ten years old which should rule him out. Unless they were concealed by use of initials in the census there was no other Hugh or Hughie in Pike Co. in 1880. There was no Hugh or Hughie at all in Pike Co. in the 1900 census. Note that until 1910 what is known as Walthall Co., was a part of Pike Co. Perhaps something can be learned if or when the land-entry case file is purchased by AAFA.

This is probably James Henry Alford (1825 AL - after 1900 MS), son of John William Alford and Leanne Roden. He married Elizabeth Beck. He was the only James H. Alford in the 1850 census and he was in Carroll Co., but there is a tight fit here since he would have been only 16 years old in 1841. That is especially critical considering the action to purchase the land began before Feb. 1841. That was the date the President signed the patent after all other action had been completed. It might be worth the \$17.75 to get a copy of the land entry case file to clear this one up.
