

**KY Alford Cemetery Information.**

02/17/2009

This is not a final AAFA cemetery report. Rather this a very early raw data collection from the sources listed.

Information from AAFA genealogies and data from the various data bases have not been applied to this yet.

Abbreviations, all of which may not be in this list, are:

b. = born, d. = died

c/o = child of, d/o = daughter of, s/o = son of, h/o = husband of, w/o = wife of

i/o = infant of, t/o = twins of, m/o = mother of, f/o = father of

SOURCES:

FAG = Find A Grave <http://www.findagrave.com/>

The "computed age" was obtained by having the computer subtract the year of birth from the year of death. Consider it only as close. If there is not a birth and death year the age is shown as 999.

There are many subjects who do not have a death date in the record. They may, or may not, be buried here.

Look for updates to this Alford Cemetery information from time to time at the AAFA web site [www.alfordassociation.org](http://www.alfordassociation.org)

If there is a code in [ ] at the end of the cemetery name in the header it is temporary listing of the data file CEMREF code and is included here to insure proper alignment. It will be removed from any published or website version.
