"Alfords" Found In The 1830 North Carolina Census Alicia Roundy Houston AAFA #0001 & the AAFA Census Team

The complete 1830 census is not yet ready for publication but with the North Carolina meeting coming up we wanted to provide you with 1830 and 1840 census for that state. The complete 1820 "Alford" census was published in AAFA ACTION #43, Winter 1999, pages 40-54.

The breakdown by age for each sex was much more detailed in 1830-40 than for previous censuses. The first 19 years were in 5 year brackets and after age 19 in 10 year brackets. Each character represents one age bracket and is the same for males on the left of the dash and females on the right of the dash. The three pairs of characters at the right of the tabulation are for slaves, free colored, and foreigners not naturalized. When there were slaves there is a tabulation for them, by sex and age, below the "Alford."

The tabulation of age brackets for the white male and female were: 0-4, 5-9, 10-14, 15-19, 20-29, 30-39, 40-49, 50-59, 60-69, 70-79, 80-89, 90-99.
