"ALFORDS" IN THE 1860 TEXAS CENSUS - ENHANCED

An earlier version of this census was published in AAFA ACTION #16, March 1997, Vol IV, No. 4, page 54.

Arranged by county, page and dwelling.

For most subjects the age is expressed in years immediately after the sex entry. In some cases - particularly with infants - the age is expressed in months in which case the age column is blank. When the age is expressed in months it is in the next seldom used column immediately after age.

CYOB or circa year of birth is not from the census. It has been added to this draft to assist AAFA researchers who may be working with this draft document. It was calculated by the computer by subtracting age from 1860 and excluded for infants.

Color is shown after the circa year of birth. It is assumed to be white unless otherwise specified. In most instances the color was recorded only for the head of the household.

Birthplace is shown with the approved postal abbreviations for states in the U.S. Foreign places were abbreviated as follows: IR = Ireland.

"Block Protect" has been used to keep family groups, their notes and headers together on one page so you can expect to see some resulting extra white space. Use it for notes.

James M. Halford 1860

AAFA NOTES: James M. Halford, born 1816 TN, and second wife Rebecca Crockett should have been in either Ellis, Johnson, or Tarrant Co. TX, in 1860. He supposedly died 1863 in Hood Co. but it was not formed until 1865/1866 (from Johnson). He is found in the 1855 Scholastic Census of Ellis County with four children between the ages of 6 and 16--Elizabeth, Martha, John C. and Jefferson. The girls would have been Kimbros, daughters of his wife's first husband, although they are listed as Halfords in the list. In 1870, It is assumed his widow is the Rebecka HOLFORD below whose enumeration we don't have yet.

AAFA NOTES: Dr. Benjamin M. Alford, son of Wiley Alford and Sophia Drake He was born Dec 1833 in Wilson Co, TN. He married Josephine Poer. They moved to California, via ship, about 1873-75. He later returned to Fort Worth with intentions of staying but soon moved back to Tulare Co. CA where he remained the rest of his life. BK #4461.

Bowie Co. TX--Benjamin M. 's brother Edmund L. should have been in Bowie Co. in 1860 according to his Confederate Pension information which says he came to Bowie Co. in 1853 and did not go to Tarrant Co. until 1866. however he could have been in Tarrant Co. at the time this census was taken. E. L. is first found in Tarrant Co. Voter's Registration in 1867. In 1870 census of Tarrant Co. listed as a Constable.

According to his biography in A HISTORY OF THE STATE OF CALIFORNIA AND BIOGRAPHICAL RECORD OF THE SAN JOAQUIN VALLEY, CALIFORNIA by J. M. Quinn, 1902, Benj. M. first went to CA via Panama in 1868 and he is found in the Kern Co. CA (and also possibly Tulare Co. as Edwin?) 1870 census. Suffering from illness as a result of the war, he remained in CA for several years and then returned to TX about 1873, but then returned to CA in 1875 and remained in Tulare Co. until his death or at least through 1910. AAFA NOTES: We don't know who this Thomas Alford is. We saw no one in 1850 or 1870 Texas that resembles him.

It may be that this Thomas belongs in the household in the previous enumeration. Lucille has the F. R. Chandler, age 35, listed immediately after Thomas and HE (Chandler) is the one with the \$450 of property. Since the Chandler family seems to have been in TX less than a year, why would there be a relationship between them and someone born there in 1841 unless it was that of employer/employee?

[Lucille suggests it is possibly son of Sippi who would be the right age and name but birth state is GA, not TX. The counties are right next to each other and if he was a student, could he have been boarding with some family while attending school?]

Amanda Halford	F	3		1857	IL			

AAFA NOTES: This family was not found in 1850 Illinois as might be expected. AAFA has little knowledge of northern Halfords. In the 1820 New York census, there are two possible families that could be related to this William Halford--Edward Halferd in Cortland Co. and Nathaniel Holford in Tompkins Co. In 1850 IL they may have been listed as HOLFORDS which possibly did not get extracted. In fact, it is possible that these are HOLFORDS. A Margaritt HOLFORD and a W. J. HOLFORD, both on page 457 of Dallas Co. TX in 1870, probably both relate to this same family.

According to Comette's Halford file, Wm. J. Halford is William Jennings Halford who married Margaret DeVall in Pike Co. IL, Mar 2 1837. They were in Morgan Co. IL when most of the children were born. Neither 1840 nor 1850 IL census records extracted by AAFA reflect presence of this family.

There were two older daughters Sarah (born 1838) and Lavinia/Luvenia (born 1839). Two Dallas Co. TX marriages may be those of these daughters: Mary Halford and David/Davis Cox, Oct 4, 1857; and Louvenia M. Halford and Archibald B. Lanier, Apr 28 1858.

AAFA NOTES: This might be the James Alford shown as son of Nancy Alford in 1850 Humphreys County, TN. Who are they?

If this is the James Alford in 1850 Humphreys Co. TN, he was the son of John T. Alford, born NC, and Nancy E. Rives/Reaves who married in Davidson Co. TN in 1829, and grandson of a Robert Alford who came to Davidson Co. TN from NC with his young family when John was quite young. There is no Robert in Davidson Co. in 1820 but many other TN counties have no records for 1820. John was born 1808 and died 1847 in AR to which he had taken his family in 1845. His widow and children returned to Humphreys Co. TN. James' younger brother, Thomas J. Alford, became a well-known physician in Humphreys Co. TN. This info from a biographical sketch of his brother in Goodspeed's HISTORY OF TENNESSEE, 1886, p. 1025.

AAFA NOTES: JAM813SCH- James Powell Halford. See 1850 Tarrant County for more details.

In the 1855 Scholastic Census of Hays Co., James P. Halford is listed as the guardian of Jane M. Troop, age 8, and although the age is not right, the Mary Halford born PA is not one of their biological children. Anderson is really Andrew J. who in 1858 married Dizanna Foster, listed as Diogna in this enumeration. Martha Frances is probably the sister of Dizanna and not really a Halford. James, age 1, is James Newton Halford, eldest child of Andrew J. and wife Dizanna.

This does seem to be the same family that Gil has identified but why are James and wife born VA and LA in 1860, both AL in 1870 and NC and LA in 1880? In 1880, parents of James P. are both born NC also. He died Dec 21 1880 and his wife died Aug 30 1885. We need Chambers Co. probate records or obituaries to try to determine relatives and/or origins.
