

DRAFT "Alfords" found in 1920 Oregon Census (soundex) DRAFT

Initial output of some of the "ALFORDS" found in the 1920 OREGON Census (Soundex Version)

This data HAS NOT been reviewed or verified by the AAFA Census Team.

Data extracted from microfilm by Alicia Roundy Houston.

Data keyed into computer files by Harris Alford.

Data sequence in county, census volume, enumeration district, and sheet.

When City and or street was listed it appears on second line after Vol ED and Sheet.

Family data sequence is last name, first name, relationship, age, color where given, place of birth and when appropriate data on citizenship.

If age was expressed in months the number of months is column following age.

The year of birth was calculated by computer by subtracting age from 1920.

It is shown below as "CYOB" as an approximate birth year

Name Relationship Age Mo CYOB Color Birthplace Citizen
