Note: Recheck data under "source", "name" and "facts noted" to determine if these five questions have been correctly answered: Who? What? When? Where? Why? (sometimes, How?)

Stick to facts as found in source material. Avoid guesswork, opinion and personal conclusion in "facts noted." If Comment or explanation necessary for own convenience or clarification, put it at end of "facts noted" and head it "comment" or other distinguishing mark, thus making it possible to separate "record facts" from "fiction", at a later date.
