Note: Recheck data under "source", "name" and "facts noted" to
determine if these five questions have been correctly answer-
ed: Who? What? When? Where? Why? (sometimes, How?)

Stick to facts as found in source material. Avoid guess-
work, opinion and personal conclusion in "facts noted." If
Comment or explanation necessary for own convenience or clarifi-
cation, put it at end of "facts noted" and head it "comment"
or other distinguishing mark, thus making it possible to
separate "record facts" from "fiction", at a later date.
