Dear Mr. Alford,

In reply to your letter of Nov. 5, 1973, first let me say that I am very interested in your study of the Horry County Alford's.

I'm afraid that I may not be able to help you directly as an Horry County Alford. I have only been in Horry County since March '971.

My immediate family is living in Erwin, Tenn., and goes back three generations there. I have heard recollections of the family before that, coming from around Eatonton and Milledgeville, Georgia. If this line of the Alford's is of interest please let me know.

I will keep the information you desire in mind, and if I run across something, I'll be in touch.

I am also proud of the Alford name.

Sincerely yours

A. Stephen Alford

Dear Mr Alford:

It was very gratifying to learn from your recent letter that there is another Alford interested in the pursuit of Alford genealogy. I have evidence of various Alford groups being formed in days gone by, for this purpose in various states, but for lack of interest have fallen by the wayside.

You may rest assured I am very much interested in receiving all the data you can provide me on your family line for as far back as you have any record of, beginning with yourself, and the members of your family. Then your father and mother and father's brothers and sisters as well as their children. The same with your grandfather, great grand father etc. etc. The dates and places of birth of each. The dates of death, where they died and place of burial. Whom each one married and the date.

Heavy reliance is being placed on the receipt of data from the various lateral lines of the Alford name. As the generations extend backward the information becomes more important in filling gaps that become evident. Also many, now separate/^{family}links should connect.

Once I learn when and where my GGGf Arthur Alford came from I expect my research to extend to N C, Va., Tenn. and the New England states. I am enclosing photo copies of data and its source, on early American Alfords.

Sincerely yours

L E ALFORD
