J. P. CARTRETTE,
VICE-PRESIDENT
AND CASHIER

Dear Lewis:

Glad to hear that Florida is having Horry weather. The sunshine and warmth has already cured the Flu and helped everyone here feel younger. The rains have caused flooding in the western and central part of the State.

In regard to obtaining a marriage license, the Probate Judge (He issues the Licenses and if desired performs the marriage ceremony) informs me that no blood test is required. There is a waiting period of 24 hours after application for license is filed in his office. The filing may be in person. Or by mail if the following information is furnished. State purpose in your letter. Request for a marriage license for Richard Alan Roe, white, Age 21, of Tampa, Fla. and Miss, Mrs. Ruth Ryan Smith, White, age 21, Sanford, Fla. (Names, Ages, Addresses)

Also if under 21 years of age birth Certificates must be presented. 21 to 25 years of age proof shown (Drivers licenses, social security cards Etc).

Florida is and always will be a booming state. You made the right decision when you went to Florida. Big business, big money make more opportunities.

Come to see us.

Sincerely yours,

John Cartrette.
