Three, maybe four, census reports show him to be born between 1866 and 1875. We have conflicting ages (years of birth) extracted from the 1910 census. In 1920 based on his age of 54 his birth would have been in 1866. The data extracted by AAFA shows him born about 1875 while the decendant's extraction shows 1858. A supposed son, providing data for his death certificate, says he was born January 22, 1858. William's son, John W. married Nellie Jane Ceorthen, daughter of widow Roella Kent Ceorthen. Later William married his son's mother-in-law- the widow Roella Kent Ceorthen. In 1920 William was enumerated with his three youngest children- no wife was present.

Death Certificate #51-15325. Contains some conflicting data that must be resolved. AAFA has a copy.
