

Known Descendants of William Alford and Mary Miller

It is important to note that Y-DNA from male Alford's in this genealogy matches the Y-DNA of male Alford's who descend from the John Alford who died 1748 in Frederick Co. VA. His branch is usually referred to as JOH696MD. Before we post the next version of this genealogy this file will be merged with that of the John Alford genealogy and all the computer ID numbers (with the #) will change.

This is a draft of a work in progress. It is known to be incomplete and it probably contains some error. Use it accordingly. The recent generations are not included as part of an effort to protect the privacy of most of the living.

Most of the rest of the data pertaining to William H. Alford, his wives and families came from Margaret (Mrs. Henry) Alford, AAFA #0820 of Owensboro, KY. Sometimes reference to her data will be shown as "HAJ" (our code for Henry Alford, Jr.)

There are two versions of his birth date. He is supposed to have used 1848 in order to get into the Civil War. His real birth date is July, 15 1850 (HAJ).

Even his death certificate, shows the wrong year of birth. It shows Jul 15, 1843. The 1850 and 1860 censuses prove he was born after the 1850 census. Because of the dates the wrong person is shown as his mother on the birth certificate.

Bobby Alford apparently still has some differences regarding the dates on William H. Alford.

MAN SHOT LOSES EYES ----- Bill Alford, Accidentally Discharged Gun, Shot Hits Crid Wilson

An accidental shooting occurred about 6 o'clock Monday night on the Frank Miller farm, in the Ray's Branch neighborhood, resulting in Crid Wilson, 69, farmer, losing both eyes. The injured man was rushed to the city hospital, where both eyes were removed last night.

The wounded man was shot by Bill Alford, 80, when a shot gun belonging to Frank Miller was accidentally discharged while Alford was loading it in a crate house on the place. The load passed through the inch plank walls of the building and struck Wilson, who was seated in a chair just outside the building, twenty-four shot penetrating the eyeballs and face.

Wilson and Alford were employed by Miller to guard his melon patch and they were about to go on duty when the accident happened. Wilson fully exonerated Alford, stating that the shooting was purely accidental.

Mary: Some of this information is from an interview that Arlene Jordan-Levy had with Maggie D. Cherry when she was about 93 years old so some folks might question it's validity. Maggie #214 lived in Warren Co. Ky and was the daughter of William H. Alford & Maggie P. Johns.

Margaret: Fractured hip led to acute enteritis.

Comments from Kinfolk: From family stories we have learned little about Viola prior to her marriage to our Grandfather, Frank Albert Dann. Her first marriage was to a man known only as "Mr. Holloway" at her father's house in Ohio Co., KY. She was very young at the time, she was 15 and he was 42. Her father, William Henderson Alford told her he wanted nothing more to do with her for marrying this "older man," but they married at the residence of her father. Mr. Holloway decided that he would take his young bride west. They traveled by wagons to Arkansas. We don't know what happened to this "Mr. Holloway", but it was said that he left her with a family he met and went on his way.

She then married a Frank Boudry. He died and she married his brother, James. We don't know what happened in that marriage, but it ended. She had no children with these husbands. She met and married Frank Albert Dann and spent the remainder of her life with him. They met in Arkansas and married there, but we don't know where or when they were married. We do know that they lived there the rest of their lives and died there and are buried in Pine Bluff, Arkansas. They traveled back to Kentucky with their children once to visit family, and she was forgiven by her father. After they returned to Arkansas, her sisters and their husbands came to visit from time to time, but not often as travel was then by wagons.

I haven't been able to find the birth date for Frank Albert Dann , or where he was born, but most likely would have been in Missouri or Arkansas. I am still trying to find the date of their marriage and the place. Any help would be appreciated. --Ellen Poland AAFA #818-GNP, July 27, 1996

Viola's half-sister, Maggie Cherry, named a "Cecil Grist" as on of the husbands.

The following is verbatim from a published news article: Owensboro (KY) Daily Messenger_ Thurs Morning Feb 23, 1888

Neighborhood Notes ---- Ohio County [Hartford Herald]

... Mr. A. C. Holloway, aged 42, and Miss Viola Alford, aged 15, were married at the residence of the bride's father, Esq. W.T. Alford Tuesday. This was the couple who started to run away, but were taken from the train by force by the enraged father of the girl. He subsequently relented and allowed them to marry at home.
