

ALFORD KENTUCKY TIME LINE

04/27/2009

We have been working on Alford time lines for years. We work in spurts-usually related to a specific state or branch of the family. As this version is being prepared we have not added to the file for months. We will be posting frequent updates for North Carolina for awhile.

The records below are listed in chronological order with the date appearing as YYYYMMDD.

We know this is far from complete. We suspect that it contains some error. Please advise us of events that you think should be added. Include as much information as possible. Please also advise us of errors you detect.

8. Other comments:

Thought to be John Alford, son of Payton. The ages are right. It appears that the M. T. Duncan is the same person who was enumerated with John's uncle Granville Alford in Washington County in 1850. Note that both Alford families in Mercer County in 1860 got their mail from the DUNCANSVILLE post office. There is a Duncan and Dugananville in the western part of the county near the Washington County Line. (An old "map" published by Researchers Publications shows a place name Alford in the northern part of the county.)

We believe that John and Martha had several children during the 1860's before they disappeared by 1870. Supposed children Forest, Samuel, Homer, Seymour, Florence and maybe others were farmed out to relatives- according to AAFA theory.

It is thought that this is William Lafayette Alford, son of Peyton and Parthenia Alford who lived nearby in 1870. Lafayette, age 11 was enumerated with them in 1850 and 1860. A W. L. Alford married Emma Driskell 1869 in Mercer County. The family got their mail in Salvisa Post Office which was in the north eastern part of the county. What happened to them after this census?
