

AAFA WEB SITE UPDATES

In the printed quarterlies we tried to keep you posted on what was being added to or revised on the website and then if you were interested you had to find your way there. If while you are reading this and you are online it is possible that some of the links will work for some of you. No updates have been published in the quarterly for 2012 so we have here about two months instead of the one month you can expect in future issues of this newsletter.

WEEK OF FEBRUARY 26

 - [AAFA #09378](#) Samuel Jackson Alford

This 300+ page compilation includes all the Florida obituaries that AAFA currently has.

Only two states are not posted yet: Alabama and Tennessee. Both very large so unless you want to help, it will be a while!
 - **WASHINGTON Updated**

This 90 page compilation includes most of the Washington obituaries that AAFA currently has. Lots of ALVORDS here!

A number of old obituaries from Washington need to be typed so they can be added to this compilation.

Let us know if you want to volunteer to type them.

WEEK OF FEBRUARY 19

- **OUR HISTORY**

From 2003 through 2008 some AAFA ACTION issues contained a segment on "Our History" by Gil Alford. They went back to his beginnings with "Alford" in 1982 and introduced those who joined with him in what would become his "About Alford's" newsletters and later become the AAFA. The last two segments published were never posted to this site, but they were just added.

 - **TO SEE all of the "Our History" segments.**
 - **TO SEE the last segment** which includes a summary listing his first 106 contacts of which most (56) later joined AAFA.

- **RESEARCH**

Milt Folds, AAFA #0049, Hall of Fame, has been doing some special research as indicated by the two reports listed below. These will be included in future issues of AAFA ACTION.
