

"ALFORD" SOCIAL SECURITY NUMBERS FOR NORTH CAROLINA

Before the SSDI (Social Security Death Index) was so common on the Internet, AAFA about 1990-91 purchased a Alford data base file of SSDI data from Cambridge Statistical Research Associates, Inc. of Cambridge OH. That was the source of most of the AAFA SSDI.

The following list was compiled from the AAFA main data base, and was **limited** to the records for which there is a social security number (SSN) in the file.

Data found in the social security death index (SSDI) may have been enhanced by other AAFA data.

Searches may be made for any name and any SSN at the link below. The better searches require that you use the advanced search option.

<http://ssdi.rootsweb.ancestry.com>

Birth and death dates are formatted as yyymmdd.

"Birth places" might be the state in which the SSN was acquired.

When the county of birth or death is known the county name is abbreviated after the state name.

This list is not complete and may contain error. It is probable that some of the females are Alford spouses and not one with Alford blood.

It would be appreciated if errors noted were brought to our attention by sending email to alford_association@sbcglogal.net

Additional records would also be appreciated. It should be submitted as an xls file in the format as below, except use separate columns for first and last names.

NAME	BORN	DIED	SSN
A. ALFORD	19511202 NC	19900400	240-86-0263
