Wick, Gil, Doris, et al,

This is an all too hasty letter but it certainly exceeds my literary production for the last year! Since last we met I have been totally preoccupied with basic survival in an uncertain corporate world (I'll go in the next wave) and with establishing a new home base.

As part of my "survival" strategy, I bought a 30 year old duplex and have been renovating it all summer. Move in date is September 30 yet I have at least six more weeks of work to be done before then. The address is 13019 Betty Lane, Stafford, TX 77477.

I resign as a Director of AAFA. I'm not contributing anything and there are too many good folks who can fill the seat. I will not be attending the meeting (see Duplex) above). Some time in the future my participation and work will resume.

Here's a check for two years dues-- '95 and '96. I'd mail it straight to Doris if I knew where she was.
