

Holiday Greetings

Christmas, 1952.
Dear Loda + Family,

The recollection of that most wonderful visit I had with you all will make this a good Christmas for me. I did not know that one trip home could so completely rejuvenate me. I am so glad to know that you all and the others I saw are all well and happy and no serious suffering of any kind.

I wish we could all come down for the holidays, but it just can't be done this time. Gracie went to her sister's husband's funeral in Baton Rouge & said she couldn't undertake another such trip any time soon. But I am coming back just as soon as humanly possible.

We all wish for all of you the very best that life can afford for 1953 & future years.

Love to all of you,
L.W.
